

GOV. SULZER SILENT

Legislators Gather to Discuss Impeachment.

TALK OF MILITIA RIDICULED.

Leaders Confer to Arrange Procedure in Unprecedented Occasion in State's History—Governor's Friends Say Murphy Has Dictated A Muck.

Albany, N. Y., Aug. 11.—Rehearsals for the impeachment of Governor Sulzer were in progress in hotels and clubs where the Democratic legislators gathered in preparation for one of the most remarkable crises in the history of the Empire State.

Governor Sulzer remained silent, but the Tammany members of the legislature were busy denying the charge by the governor's friends that all the attacks on the state's chief executive were decided upon at a meeting in Delmonico's, New York, in May.

Say Mr. Murphy Presided. Governor Sulzer's friends asserts that at this meeting Charles F. Murphy presided, while those present were Aaron J. Levy, Tammany floor leader of the assembly; Alfred E. Smith, the speaker; Robert F. Wagner, Tammany leader of the senate; Lieutenant Governor Martin H. Glynn, Edward E. McCall, chairman of the public service commission; William H. Fitzpatrick of Buffalo, Patrick McCrabe, clerk of the senate; Norman E. Mack, national committeeman; Justice Victor J. Dowling, John H. McCoey of Brooklyn and Senator James J. Frawley. The Sulzer version is that one of these men withdrew, warning the others they were going too far.

Albany yesterday presented the unusual spectacle of the state capital thronged by members of the legislature on a hot Sunday in August, called here by Mr. Smith and Mr. Wagner. In hotel rooms the men who will have speaking parts in the session tonight when, it is predicted, the impeachment proceedings will be launched, conferred with the leaders. The state capital throbbled with suppressed excitement. Men were grave in the face of an unprecedented occasion in state history.

BURGLARS IN JUDGE'S HOME.

Two Men Caught by Policeman After Climb Over Roof.

New York, Aug. 11.—Two burglars were captured in the home of City Judge Joseph I. Green at 178 East Seventy-ninth street.

An alarm that was shouted out from a window near Seventy-ninth street and Third avenue caught the attention of Sergeant Percy. He went up through the house of Dr. M. Jackson, which adjoins that of Judge Green, and came down into the latter through the roof scuttle, which was open.

In the front parlor he found Louis Friedman, whom he arrested. A pistol discovered on the stairs led to the capture of the other burglar in a rear closet. The latter said he was John Russell.

Judge Green and his family were in Atlantic City.

GIRL STILL PUZZLES DOCTOR.

They Have Been Trying to Awaken Her Since July 30.

New York, Aug. 11.—The doctors at the Hydropathic institute, Madison avenue, are greatly interested over the case of thirteen-year-old Jeannette Duterman of 1046 Tiffany avenue, the Bronx, who has been in a state of coma since July 30.

The girl's pulse is normal and her breathing is regular, but all efforts to awaken her have proved unsuccessful. Dr. Gilbert Miller of the institute believes that her condition is the result of a scalp wound which she sustained when she was three years old.

STORM SWEEPS THREE STATES

Gale Wrecks Water Craft, While Lightning Takes Its Toll.

New York, Aug. 11.—Sweeping eastern Pennsylvania, the lower section of New Jersey and southern New York late yesterday afternoon, the most severe storm of the summer left death and destruction in its path. The death toll was taken by lightning, waters whipped into foam and a wind which at times reached a velocity of eighty miles an hour.

Prior to the storm the people of three states had sweltered in a temperature ranging from 92.5 degrees in New York to 93 degrees in Philadelphia. Five succumbed to heat in the latter city and many were taken to hospitals here and in New Jersey. In Philadelphia bolts of lightning took two lives; in New York other bolts claimed three more victims.

The storm broke when hundreds of thousands of men and women, many of them accompanied by children, were in the open seeking cooling breezes, and scores were injured by falling trees. Not in years has the havoc among trees been so great.

The wind crushed plate glass windows as though they had been made of cardboard, and stores and private dwellings were deluged in many surrounding villages.

The damage on Manhattan island was small compared to that in the Bronx, Westchester county and across the Hudson in New Jersey.

The greater number of accidents occurred on the water. Long Island sound was particularly unfortunate in this respect. The Hudson river contributed its share. New York bay, usually the scene of fatalities in times of storm, was practically undisturbed, the tempest veering around to the north and going out to sea after crossing Long Island in the vicinity of Riverhead.

KILLS HER BROTHER'S SLAYER

Same Weapon Used by Wife in Shooting Her Husband.

Raleigh, N. C., Aug. 11.—Henry Clay Grubb killed Obadiah Davis, his brother-in-law, eight years ago at Piney Church, Davidson county, and was acquitted. With the same revolver Mrs. Grubb, sister of Davis, killed her husband.

As the result of being severely beaten, stabbed and having her ear clipped Mrs. Grubb was unable to give a detailed story of the fight which she and her husband had when she shot him three times. She has not been arrested. She testified before the coroner that Grubb had treated her cruelly and that she killed him while he was drunk.

Grubb was the wealthiest man in his county. He had property worth \$500,000 and owned Salisbury's most valuable building.

QUAKE AT LAKE PLACID.

Lake Placid, N. Y., Aug. 11.—An earthquake shock occurred here at 12:15 a. m. yesterday, followed by a drop in temperature of 16 degrees. The vibration was brief, but sharp enough to awaken guests at the summer hotels. Two shocks of longer duration were felt here last May, and these also were succeeded by a lower temperature.

LIND IN MEXICO CITY

Anti-American Parade as Envoy Arrives.

DEEP INTEREST IN HIS VISIT.

Bryan at Telegraph Key Awaits First Hand News From Capital of Troubled Republic—No Intention to Recognize Huerta.

Mexico City, Aug. 11.—Students and laborers estimated to aggregate 1,500 paraded the streets of the capital carrying banners as a token of their approval of President Huerta's stand against accepting mediation by the United States.

President Huerta had given his approval to the demonstration, and he and the members of his cabinet reviewed the parade from the balcony of the palace. There was no disorder.

This had scarcely taken place when ex-Governor Lind of Minnesota, President Wilson's personal representative, and Mrs. Lind and Dr. William Bayard Hale, who has been in Mexico for some time studying conditions on behalf of President Wilson, reached Mexico City. They arrived about 8 o'clock last evening.

Bryan Waits News.

Washington, Aug. 11.—With his coat off and throwa across the back of a chair, William J. Bryan hovered around the telegraph key in the state department that connects Washington with Mexico City. The secretary of state got word that John Lind, President Wilson's envoy to Provisional President Huerta, had left Vera Cruz with Mrs. Lind and Dr. Hale and was due in Mexico City. He also got word from the battleship Michigan that she had joined the New Hampshire and the Louisiana at Vera Cruz and found everything quiet.

Mr. Bryan refused to make any comment on the situation, but administration officials appear to feel no alarm.

Through the conference between the president and senate foreign relations committee it became known that the mission of Mr. Lind to Mexico carried with it no intention to recognize the Huerta government. The administration's position, as outlined by the president to the committee, was as follows:

The administration's peace proposals will not be communicated to the Mexican government until after Mr. Lind has reported on the situation.

That the administration has no intention to recognize the Huerta government.

That the president will welcome suggestions from Republicans as well as Democrats.

To Submit Peace Proposals.

The peace proposals communicated to Mr. Lind by President Wilson before he left Washington will be communicated to the Huerta government through Nelson O'Shaughnessy, the United States charge d'affaires, who has good relations with the Mexican foreign office. By transmitting these through Mr. O'Shaughnessy it is hoped that the rebuff predicted in news dispatches from Mexico City will be avoided.

Perhaps 200 curious Mexicans watched the arrival of the New Hampshire, but there was none on the pier when Mr. Lind landed. When Mr. and Mrs. Lind appeared at the concert at the Diligencias hotel Mrs. Lind attracted some attention by being the only woman in the throng wearing an American hat instead of a mantilla, but they attracted no other attention.

When Mr. Lind reached Vera Cruz he asked Mr. Canada if it was safe for him to proceed to Mexico City.

"You can go any time you care to," replied Mr. Canada, "and be as safe as though you were in your own home in Minnesota."

The Mexican government has announced that no obstacle will be placed in the way of Mr. Lind going to Mexico City. The arrival of Mr. Lind is reported to be awaited in the capital with deep interest, but absolute calmness. Senor Gamba will take the oath of office as foreign minister before Mr. Lind's arrival.

Cause of a Blaze Where Children Were Drowned, Police Believe.

Lawrence, Mass., Aug. 11.—Fire, believed to have been of incendiary origin, destroyed three of the municipal bathhouses, at one of which eleven boys were drowned a month ago by the collapse of a runway.

The police believe that some foreign born parents, crazed with grief at the death of their children, fired the structures. The houses have been closed since the disaster. The loss is \$1,500.
